

The CK LW 13/1

8 pound Lightweight Vacuum with HEPA filtration.

A perfect blend of durability, price and performance.

Power and Durability

At only 8 pounds, the Tornado[®] CK LW 13/1 has the power to deliver heavyweight commercial cleaning results with an incredible 160 CFM . Tackling even the toughest commercial cleaning tasks, the CK LW 13/1 will not only maximize cleaning speed and results, it will help minimize on-the-job injuries and worker's compensation claims due to its light weight.

Featuring dual fan technology for better cleaning, a huge top-loading filter bag, and a low-profile design that lays completely flat to reach underneath beds and other furniture, the CK LW has what it takes to get the job done. Built with tough polypropylene materials and aluminum, the CK LW will outlast other commercial lightweight vacuums of its kind.

HEPA Filtration for Improved IAQ and Vacuum Performance

The CK LW 13/1 uses HEPA filters that capture 99.97% of airborne allergens for improved indoor air quality (IAQ), while also ensuring maximum airflow, which is required for deep down carpet cleaning.

The 3-stage filtration system includes a unique, antimicrobial CleanBreeze disposable filter bag, a cloth outer filter bag, and a HEPA motor exhaust filter cartridge as standard. The disposable CleanBreeze collection filter is an intricate web of randomly spun polymer fibers capturing far more particles and allergens than conventional paper bags. Dust emissions are reduced up to 60% over many competitive models.

CK LW 13/1 8 pound Lightweight Vacuum with HEPA filtration.

Key Features

- Dual fan technology
- Ergonomic handle with easy to use switch
- Extra wide, non-marking injection molded rubber bumper
- Powerful motor that delivers 160 CFM
- Aluminum fan motors resisting wear out from metal objects such as paper clips and coins
- Moves effortlessly from carpet to hard floor surfaces
- Self-adjusting brush roll
- CleanBreeze collection filter
- 50 foot, 3 wire commercial cord
- Light providing illumination of work area
- One year commercial warranty
- Made in the U.S.A.

Versatility

The Tornado® CK LW 13/1 provides easy operation, versatility, innovative features, ergonomic design and superior filtration for use in many different environments including:

- Hospitals and Healthcare Facilities
- Schools and Universities
- Hotels and Resorts
- Restaurants
- Commercial Office Buildings - Retail Stores and Shopping Malls
- Industrial Facilities, large and small
- and more

Low profile lays completely flat to reach under beds and other furniture.

PRODUCT SPECIFICATIONS	
Model	M8457
Catalog Number	98457
Machine Dimensions	
L X W X H	10" X 14" X 49"
Net Weight	8 lbs.
Recovery Bag Capacity	336 cubic inches
Vacuum Head Width	12"
Cord Type / Length	50' 3-wire yellow cord
Design Characteristics	
Cord Strain Relief	Yes
Handle Design	Anodized aluminum
Housing Bumper	Extra wide, heavy duty
Easy Debris Access	Yes
Belt Type / Design	Flat belt
Cleaning System	
CFM	160
Cleaning Path	12.75"
Brush Design	Wood brush roll with 10 mm non-crimped bristles
Bag Types	Cloth / Microfiber / Paper
Filtration System	3 Stage HEPA Filtration
Exhaust Filtration	Yes – 99.97 At 0.3 Microns
Motor Filtration	HEPA Motor Cartridge
Easy Access Throat / Hoses	Yes
On Board Tools	No
Motors	
Vacuum Motor	120 volts
Sound Level	N/A
Warranty	
Labor	1 year
Parts	1 Year
REPLACEMENT ITEMS AND ACCESSORIES	
CleanBreeze Disposable Filter Bag (6 pack)	D211-5500
Roller Bar for CK LW 13/1	B012-3000
HEPA Filter Cartridge	B051-0700
Outer Cloth Bag	D431-0600
Light	A350-0000
Foam filter in lieu of HEPA exhaust filter	B015-0200
Paper Collection Bag (10 pack)	259PB
